Temporary Substitute Decision Maker List (TSDM)

The order of the people on this list is set out in BC law and may not be changed. To qualify as a TSDM, the person listed must be 19, capable, have no dispute with you and have been in contact with you in the year before you need health care. If a TSDM is needed, your health care provider will choose the first person on the list who is qualified and available.

My name:

Phone:

Date:

Spouse (includes married, common-law, same sex. Length of time living together does not matter)
